Chief Engineer (SG & SWRDC),
PWD, Tharamani, Chennai-113
9/8/21

Conditions pertaining to M/s. Seshasayee Paper and Boards Ltd – Unit: Tirunelveli.

- 1 This Certificate is applicable for **Drawal and Transportation of permitted Quantity of ground water and the drawal applies to the referred ground water abstraction structures only.**
- 2 All the **other ground water abstraction structures** (dug wells/bore wells/dug-cum bore wells) in the area should be used only for **Rain water harvesting** purposes or should be closed.
- 3 The Company should install necessary "flow meters" to the referred well /bore well and monitor the quantity which should not exceed the permitted level. **Proper Records** should be maintained continuously from the date of drawal. Monthly statement of daily drawal of water should be sent to the Executive Engineer, Groundwater Division, Tirunelveli as per format enclosed.
- 4 As and when the officials of Ground Water Wing of PWD inspect the site/premises, perusal of drawal records and water quality observations should be allowed.
- 5 **Rain water harvesting structure** is to be established as per the direction of this department. Rain water harvesting structures already exist inside the plant premises, it should be maintained properly.
- 6 **Violation of the above stipulations in any form may lead to cancellation of the permission accorded by the Government.**
- 7 The Company should be ready to pay the **levy/charges for drawal of ground water** for commercial purposes, if Government / Ground Water Authority imposes any such orders in future.
- 8 It is also informed that during the renewal of the NOC, depending upon the hydrogeological condition the category of the area and the site conditions, the quantity will be vary from permitted quantity.
- 9 The handed over Bore Well to this Department for Water Level monitoring purpose should be maintained properly
- 10 As per the G.O.(Ms).No 142 PW(R2)Dept, dt;23.07.2014, NOC for the water based industries must be renewed every year.
- 11 This No Objection Certificate is applicable **only for the purpose of "Industry (Paper Manufacturing Unit)",** if any deviation in the usage of ground water is found, the NOC accorded is automatically deemed to be cancelled.
- 12 Even though this Certificate is applicable for Transportation, for the sake of quality, the **Executive Engineer, Ground Water Division/ The Assistant Director (G), Groundwater Sub Division/The Assistant Geologist** of the respective District would **inspect** either the rain water harvesting structures established in the premises of the firm or the records maintained or even the drawal of ground water as and when needed and it is the mandatory of the firm to maintain the Rain water harvesting structure/ structures properly and show the records needed.
- 13 If any information / Documents submitted by this firm is found to false / in correct or any data provided by the firm is found to be incorrect, the NOC issued to the firm will be cancelled by this department without any prior notice.

Chief Engineer, SC & SWRDC,
PWD, Tharamani, Chennai-113.
